Principles of Inclusive Practice: Pupils with SEND

There are 4 broad areas of SEND that need to be considered when observing, planning and teaching lessons that support the needs of pupils with SEND:

1. Communication and interaction difficulties
2. Cognition and learning needs
3. Social, emotional and mental health difficulties
4. Sensory and/or physical needs

N.B. If being used by a student teacher to observe a lesson, we suggest you focus on only 1-2 of the areas listed below.

- How does the teacher use class assessment strategies to gauge the pupils' progress? e.g. questions; discussions with TA; unobtrusive monitoring of pupils' work in the lesson, etc.
