Focused Observation of Practice (FoP): Assessment

Comments: these can be things that you notice and questions you would like to ask to find out more

Reflections: If you can, please discus your questions and comments with the teacher that you have observed

N.B. If being used by a student teacher to observe a lesson, we suggest you focus on only 1-2 of the areas listed below.

Teacher's Name/Subject..... Class/Set..... Date/Time.....

	COMMENTS/QUESTIONS
Lesson Planning: Assessment for Learning • Are the lesson's aims/objectives/outcomes/success criteria made explicit to pupils? If so, how and when? • Has the teacher planned opportunities for pupils to retrieve/apply prior learning? How does this link to/support the new learning in this lesson? • How does the teacher use learning summaries during/at end of lesson? What impact does this have on pupils' thinking and learning? • How does the teacher use pace and structure to adapt NC and/or syllabus demands for the pupils' stage of development? **Formative Assessment** ***i.e. opportunities for teachers and pupils to assess ongoing attainment and progress*** • How does the teacher check pupils' understanding? • Does the teacher use a range of open and closed questions at various levels? What impact does this have on pupils' thinking and learning? • When and how does the teacher intervene in pupils' learning to ensure there are no misconceptions? • How is pupils' classwork monitored against the objectives? • Are there opportunities to provide responsive, teacher-led feedback of pupils' classwork (oral/written) during the lesson? Is this feedback specific? What impact does it have on pupil progress? • In what ways is pupil progress monitored? • Are there opportunities to provide whole-class feedback? Why does the teacher use this type of feedback? • Are there opportunities for self/peer assessment? Are these scaffolded/modelled in any way? • Is formative assessment information used to modify specific aspects of teaching for next lesson? If so, how? **Summative Assessment** ***i.e. opportunities to sum up what a pupil has achieved at the end of a period of time*** • Are NC level/end of key stage descriptions and/or external assessment information used as an assessment tool within the lesson? • How is broader assessment data used to identify patterns of progress? • How is the marking of pupils' work used to improve their outcomes? • Is summative assessment used to identify how well learning objectives/success criteria have been met by end of lesson? If so, how? • Is summative assessment information used to modify specific aspects of teaching for next lesson? If so, how?
